

All-New Ford Transit Custom

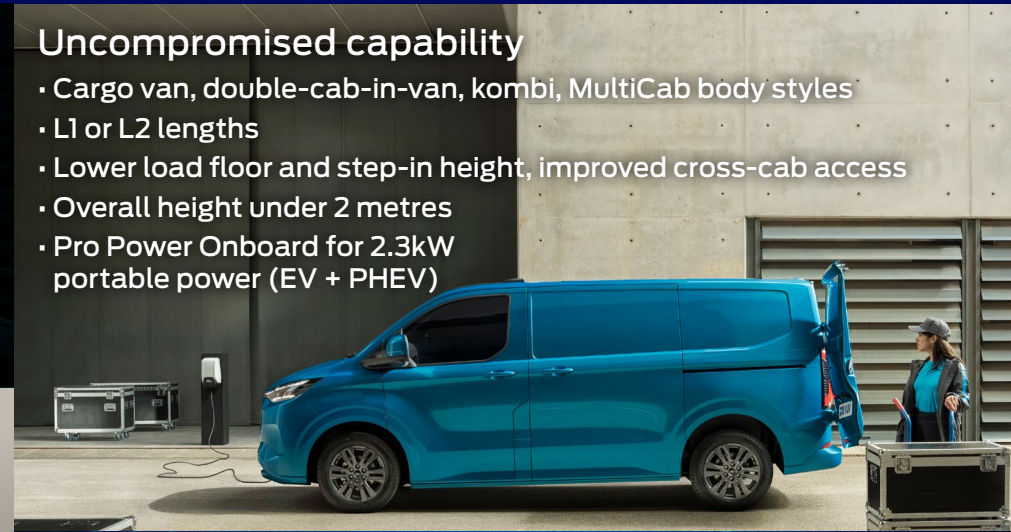

All-new Transit Custom offers the most comprehensive line-up yet, enabling customers to select the optimum van for their business, fully integrated with the Ford Pro solutions platform for enhanced productivity

Enhanced features

- **Mobile Office** with innovative tilting “squircle” steering wheel
- Productivity-boosting **Delivery Assist** and **Alexa Built-In personal AI**¹
- Standard **13-inch SYNC 4 touchscreen**² with 5G modem
- Base, Trend, Limited, Trail and Sport series

Uncompromised capability

- Cargo van, double-cab-in-van, kombi, MultiCab body styles
- L1 or L2 lengths
- Lower load floor and step-in height, improved cross-cab access
- Overall height under 2 metres
- Pro Power Onboard for 2.3kW portable power (EV + PHEV)

Integrated with Ford Pro platform

- Digital-first conversions with new **Ford Pro Upfit Integration System**
- **Ford Pro Service** for FORDLive and Mobile Servicing
- **Ford Pro Software** for intuitive vehicle management
- **Ford Pro Charging** solutions for home, depot and public charging

Efficient powertrains

- **All-electric** with target range of up to **337 km**,³ 11 kW AC and 125 kW DC charging
- **Plug-in hybrid** with 2.5-litre petrol, electric range of up to **56 km**⁴
- **EcoBlue diesel** with new **eight-speed automatic** and **all-wheel drive options**⁵

	MOTOR	DRIVE TYPE	TRANSMISSION	TRACTION BATTERY (usable kWh)	NET PAYLOAD UP TO (kg) ⁶	LOAD VOLUME (m ³)
EV ³	100 kW or 160 kW	RWD	Single-speed automatic	64 kWh	1,011 kg	5.8 – 6.8m ³
PHEV ⁴	2.5-litre petrol, 232 PS maximum output	FWD	Continuously variable	11.8 kWh	1,181 kg	5.8 – 6.8m ³
EcoBlue ⁵	110 PS, 136 PS, 150 PS or 170 PS diesel	FWD or AWD	Six-speed manual or eight-speed automatic	–	1,350 kg	5.8 – 6.8m ³

¹ Seven European markets – Austria, France, Germany, Ireland, Italy, Spain, and the UK. Alexa will only be available in English, French, German, Italian and Spanish in supported markets. An alternate market cannot access Alexa despite being able to use a supported language. To use Alexa Built-in, drivers need to activate FordPass Connect within their vehicle using the FordPass smartphone app or in-vehicle settings. Access to Alexa requires an Amazon account, SYNC 4 or SYNC 4A, FordPass Connect, and complimentary Connected Services activated through the FordPass app (see FordPass Terms for details). Additional products and setup may be required. ² Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ³ In accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). A range of up to 337 km can be achieved with a fully charged battery – depending on the existing series and battery configuration. The actual range may vary due to various factors (e.g.

weather conditions, driving style, route profile, vehicle condition, age and condition of the lithium-ion battery). ⁴ Ford Transit Custom Plug-in Hybrid homologated CO₂ emissions 35-45 g/km WLTP, homologated fuel efficiency 1.6-2.0 l/100 km WLTP and pure electric driving range 48-55 km WLTP. ⁵ Ford Transit Custom EcoBlue diesel homologated CO₂ emissions 178-296 g/km WLTP, homologated fuel efficiency 6.8-11.3 l/100 km WLTP. ⁶ Max payload varies and is based on accessories and vehicle configuration. See label on door/lamb for carrying capacity of a specific vehicle. The declared WLTP fuel/energy consumptions, CO₂-emissions and electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. CO₂ emission and fuel efficiency ranges may vary according to vehicle variants offered by individual markets.
